

OUR VISION IS TO CREATE A SKILL BASED VOCATION HIGH HER EDUCATION ECO-SYSTEM WHICH COMBINES THEORETICAL EDUCATION WITH EXPERIENTIAL LEARNING IN THE FORM OF INTERNSHIPS, APPRENTICESHIPS OR ON THE JOB TRAINING (OJT) TO PRODUCE EMPLOYABLE AND ENTREPRENEURIAL YOUTH WITH HIGH EARNING POTENTIAL AND HIGH ETHICAL STANDARDS

**BVOC**

**5E MODEL**

# **BACHELOR OF VOCATION PROSPECTUS**

# WHO WE ARE ?

We are the Drona Education Foundation. Established in the year 2015, we are a leading institution of Gujarat in providing vocational higher education. Our main focus so far has been on promoting and providing B.Voc (Bachelor of Vocation) degrees among the youth.

Across Gujarat, we have established 10+ B.Voc Hubs at leading Universities and Institutions, connected with 1000+ industry partners to provide 10+ different B.Voc Specializations to 2000+ existing B.Voc students and 600+ B.Voc Graduates.

Based on Germany's Dual VET Education System and Guided by India's National Education Policy (NEP) 2020 we have created a robust model to make employable youth from our Higher Education System.

We are trying to fill the gap between Industry-Academia by combining theoretical knowledge with tools such as Internships and On the Job Training (OJT) at industry to provide Skill based Vocational Education in real sense.

## VISION

Our vision is to create a Skill based Vocational Higher Education Eco-system which combines theoretical Education with Experiential Learning in the form of Internships, Apprenticeships or On the Job Training (OJT) to produce Employable and Entrepreneurial youth with high Earning potential and high Ethical standards.

## MISSION

Our mission is to promote and strengthen the B.Voc program in every nook and corner of the country by helping all Universities and Higher Educational Institutions (HEIs) to start and run the B.Voc program effectively.

### FROM MANAGING TRUSTEE'S DESK

Today from one end we see youth complaining about No Jobs or Jobs with lower salaries and packages and exploitation by Industry and on the other end we listen to a lot of complaints from industry that they don't get Smart, Skilled, Honest and Hardworking employees to whom they are ready to pay anything they ask.

Whose job is it to bridge this gap? What's going wrong?

As an educationalist, I believe it is our duty. Somewhere we, tier 2 or tier 3 institutes have become money earning factories of education who only focuses on number of admissions rather than number of placements or as tier 1 branded institutions we only take brightest of the bright students and certify or brand their degrees with logos of IIMs and IITs and take all the credits for their employability.

We as Drona Education Foundation embarked on a journey to bridge this gap by skilling up youth at undergraduate level with degrees like B.Voc which gives them theoretical as well as practical learning experience to upskill them in real sense and make them employable and enterprising. We focus on commercializing Skills and Un-Commercializing Education.

**Prof. Pratik Joshi**

## WHAT IS B.VOC ?

Bachelor of Vocation (B.Voc) is a graduation degree that was introduced in the year 2013-2014 and approved by University Grants Commission (UGC), but very few students, parents, and teachers know about this graduate degree. This concept is based on Germany's Dual VET system where students get developed as an employee in their graduation phase while other course students are just referring to theory knowledge and redeeming a graduation degree. The meta of B.Voc degree is different from other degrees. B.Voc is focusing on practical knowledge as well as theoretical knowledge.

The course holds 60% practical and 40% theoretical knowledge. The students get placed in companies/industries associated with their specific specialization for On The Job Training (OJT) Or the internships which are mandatory. B.Voc is earn while you-learn program.

## WHY B.VOC?

**40%**

- Theory Sessions
- Student At College
- Pay The Fees
- Get Education From Class

**60%**

- On The Job Training (OJT)
- Executive At Company
- Earn The Stipend
- Get Training And Gain Experience

# BENEFITS OF B.VOC

## 1. Based on German Education System

B.Voc is based on Germany's Dual VET education system which is the most advanced in the world.

## 2. Based on New Education Policy 2020

B.Voc was specially mentioned in National Education Policy 2020 and strongly promoted by the Government.

## 3. UGC Approved

This degree is directly approved with University Grants commission and NSQF both.

## 4. More Practical, Less Theory

B.Voc has 60% Practical Experience Based learning and only 40% theory.

## 5. Government Scholarships

Students having more than 80% in 12th Std. can get scholarship from government's National Scholarship Portal.

## 6. Education Loan

Government has mandated many banks with special schemes for providing Skill Education loan for NSQF based courses like B.Voc

## 7. Highest Employability

As B.Voc students come out of course with experience and they are never fresher, they tend to get easily placed in companies.

## 8. Earn While You Learn

B.Voc students have an opportunity to earn stipend during their internships at companies.

## 9. Best Degree Program after 12th

Due to its practical industry exposure B.Voc is the best degree after 12th as compared to other traditional degrees.

## 10. Government Exams and Masters

After B.Voc students can also appear for GPSC / UPSC / IBPS or other government exams and pursue master's degrees like MBA / MCA / M.Voc etc.

## 11. Financial Aids for Educational Fees

B.Voc students can apply for an easy fees payment process and redeem many benefits like easy installments at zero cost services and chances to earn rewards.

# B.VOC COURSES

## B.Voc [ Management and Entrepreneurship ]

# TESTIMONIALS

## Lakhan Bajaniya [ B. Voc Alumni ]

"I feel very much proud that I chose B.Voc as a graduation degree because It helped me implement all those formulas in the real world scenarios rather than having just theory knowledge. Practical Experience and degree both have given boost to my career."

## Harshita Sompura [ TY - B.Voc IT ]

"Choosing the B.Voc degree was a game-changer for my career. It offered a strong academic base, practical skills, and diverse career insights, empowering me to confidently navigate the professional world. So that's a very real and relevant quote which is "AAG KA DARIYA HAI, DOOB KE JANA HAI!!""

## Nandan Kundaliya [ FY - B.Voc MEPS ]

"Choosing the B.Voc program was a great move for me. It's cool because we not only study in class but also get hands-on experience in real companies. The opportunities right at the college make it a better choice, and I'm convinced that B.Voc is the way to go for a practical and useful education."

## Sardarsinh Jadeja [ Owner - Geeta Machine Tools Pvt. Ltd. ]

"Geeta Industry values the B.Voc Degree program for its efficacy in producing skilled and job-ready professionals. The practical training and relevant curriculum contribute significantly to graduates' successful transition into the workforce."

## Bindeshbhai Mathakiya [ Parents of Pareen Mathakiya (B.Voc TY BFSI) ]

"Enrolling in B.Voc, we knew it blended theory with practical aspects. Encouraged my son to take the NISM exam during the first six months, and he excelled, now thriving in the field – confirming B.Voc as an excellent choice for any student."

## Binal Sinojiya [ Faculty at Drona Education Foundation ]

"As a proud faculty member at Drona Education Foundation, I wholeheartedly endorse our B.Voc program. It fosters excellence through practical skills and a collaborative teaching environment, ensuring students are well-prepared for successful careers. I highly recommend the B.Voc program for a practical and enriching educational journey."
